

Bilborough College

College Bus Timetables 09/10

All students must be in possession of a valid bus pass to use these services

The cost of a bus pass for the academic year 2009/10 is £500 if paid monthly by direct debit. If you choose to pay the full amount upfront you will receive a £40 discount (£460).

This entitles the student to use the bus every day, morning and evening, and both Nottingham and Derby link buses.

The true cost of a college bus pass is £680, therefore college subsidies each pass by £180.

If you wish to use a college bus for a one off journey, a single ticket can be purchased from Student Support for £2.50.

All passes are for a full academic year and no refunds can be offered should a student change their mode of transport to college.

We endeavour to ensure that buses run to the stated time as far as we can, but occasionally there are circumstances beyond our control (traffic/weather conditions etc) that may occasionally affect the scheduled times. The college also reserves the right to alter/amend any route should it become necessary.

Nottingham/Derby College Link

The Nottingham link bus leaves college shortly after the end of each lesson, and the Derby link bus leaves at 1.00pm. This enables students to leave college safely if they have no lessons. Both buses are free for students to use if they have a college bus pass, NCT bus pass or a valid transport ticket for the day of travel (Bilborough ID card needs to be shown). If a student does not have any of the above, a ticket can be purchased from Student Support for £1.00 per journey.

Timetables for both buses can be found on the website and student portal
