

Bilborough College

College Bus Timetables 2010 / 11

All students must be in possession of a valid bus pass to use these services

The cost of a bus pass for the academic year 2010/11 is £512 if paid monthly by direct debit. If you choose to pay the full amount upfront you will receive a £47 discount (£465).

This entitles the student to use the bus every day, morning and evening.

The true cost of a college bus pass is approximately £707, therefore college subsidises each pass by about £195.

All passes are for a full academic year and no refunds can be offered should a student change their mode of transport to college, however if you wish to use a college bus for a one off journey, a single ticket can be purchased from Student Support for £2.50.

We endeavour to ensure that buses run to the stated time as far as we can, but occasionally there are circumstances beyond our control (traffic / weather conditions etc.) that may affect the scheduled times. The college also reserves the right to alter or amend any route should it become necessary.
